

Historic Roads. Vintage Destinations.

Experience the Beauty, the Magic, and the Flavor of the Frederick Wine Trail

The Frederick Wine Trail takes you through beautiful, rolling farmland, down meandering country roads and into charming downtown Frederick. Situated in the heart of Maryland's Piedmont region, in the foothills of the Appalachian Mountains, the Frederick region has a unique blend of rocky, well-drained soils, gentle summer breezes, and warm fall days followed by refreshing cool nights. These elements come together to allow us to grow truly remarkable grapes from which we produce our award winning wines.

Each of our family-owned wineries is as unique as the people who operate it. On the trail, you can stroll through vineyards, sample wines in a renovated historic barn, or enjoy a gallery of art while you sip our delightful creations. At every stop, you'll find tasting, tours, and a relaxed atmosphere. We invite you to spend a day or weekend with us and experience the fun and excitement the Frederick Wine Trail has to offer.
